

# **A Revolutionary Approach to Prostate Cancer**

## **A Physician and Patient Perspective**

**By Aubrey Pilgrim, DC and David Crawford, MD**

### **Dedication**

We wrote about Russ Ingram, Len Snyder, Scott Barker, Ed Piepmeier and several others in the original edition of this book. We are sad to tell you that they lost the battle. Thousands of others died this year, last year and each year in the past. Over 400,000 men have died from prostate cancer in the U.S. during the last ten years. We dedicate this book to the memory of all those men.

### **Acknowledgement-**

There are several abstracts reprinted throughout this book to illustrate studies and research. We want to thank all those people who did the studies and research.

There are also many doctors and patients who contributed to this book. We wish to thank them all for helping us all to better understand this beast.

We also want to thank Susan Shepard for helping to proof read and edit this book.
